

Alamo Regional Science and Engineering Fair Team Projects

Description of Teams:

Team Projects will compete among teams within a sub-fair and division at the regional fair. The Alamo Regional Science and Engineering Fair has three sub-fairs (Fair I, Fair II, and Fair III) and consists of certain categories:

Fair I. (Physical Sciences):

Chemistry, Earth & Space, Engineering, Math & Computers, and Physics

Fair II. (Health Sciences):

Biochemistry, Medicine & Health, and Microbiology

Fair III. (Biological Sciences):

Behavioral & Social Sciences, Botany, Environmental Sciences, and Zoology

Number of Team Projects per School:

Middle and high schools can enter **ONLY** three (3) Team Projects. **ONE (1) Team Project per sub-fair.**

Number of Members per Team Project:

Middle School Teams can consist up **three (3)** members. High School Teams **CANNOT** have more than **two (2) members**. Teams **CANNOT** be converted into Individual Projects or vice-versa during a current research year **once experimentation has begun**. Membership **CANNOT** be changed during the current year. The same applies if the project advances to a higher level. However, the Team Project can be altered in subsequent years for a continuation study.

Team Members:

Team members do not have to be from the same school. However, they must be from the same entry division [Junior Division (grades 6-8) and Senior Division (grades 9-12)]. **Must registered under ONE School.**

Team Work:

Each member must be responsible and fully active in the research and preparations for presentation. Members should be able to act as a spokesperson and familiar with all aspects of the research. The presentation should reflect the coordinated work of members.

SRC/IRB Forms for Team Projects:

Team members jointly submit one Official Abstract/Certification Form, Form I (Checklist for Adult Sponsor), Form IA (Student Checklist), Research Plan, and any other forms that are applicable to the study. **EACH** member must submit **their own Form (1B) Approval Form** since it requires both the student's and the parent's/guardian's signature.

The full names of team members must be on the Official Abstract and on all forms with the exception of Form (1B).
